Bodrum, a Trip of a "Lifetime"

Istanbul - May 17, 2018: In a captivating nature among the green forests and the virgin shores of the Mediterranean, the city of Bodrum, the Aegean pearl of Turkey, welcomes you. A new type of tourism that you have not experienced before, where the city appears to be like an oasis that combines the beauty of nature with tranquility along with the summer activities to address the needs of all its visitors. Furthermore, the Bodrum Peninsula combines historical authenticity with the requirements of the time.

The first thing you see when you arrive is the small airport that looks like the city and its people who carry in them the kindness of people living in the countryside, their welcoming smile and their love of strangers. Unlike most of the people in Istanbul, who are somewhat rough, where the city combines the indigenous people and the Turkish citizens coming from different cities.
