InfoComm Middle East & Africa 2017

Dubai - Dec 06, 2017: [InfoComm Middle East & Africa](http://www.tcfnewswire.net/en/company/infocomm-middle-east-africa/events/infocomm-middle-east-africa-2017) (InfoComm MEA) is the region's foremost Professional AudioVisual (pro-AV) and Information Communications Technology (ICT) show.

It is where industry players and experts showcase, share and incubate ideas. It is also where influencers and decision-makers seek and find solutions to propel their businesses.

ENDS

About InfoComm Middle East & Africa:

InfoCommAsia Pte Ltd extends its influence through three marquee shows: InfoComm China, InfoComm India and InfoComm Middle East & Africa. Together, the shows give industry players direct access to key pro-AV and ICT markets, enabling them to tap into the vast potential. China, being the world's largest pro-AV market, offers a wealth of opportunities. India, with its digital and smart-city milieu, is a hotbed of innovative ideas. Home to a fast-growing pro-AV market, The Middle East and Africa is a draw for a multitude of project developers.
